

Bloomstruck Hydrangea

One great feature of the BloomStruck hydrangea and this collection is the ability to change the blooms' color to your liking. Depending on soil pH, you can have vivid rose-pink or purple hydrangea flower heads. BloomStruck hydrangea shrub also has incredibly beautiful red-purple stems, dark green leaves with red petioles and red veins, which give great contrast to your other garden shrubs, perennials and annuals.

3-4 feet high; 4-5 feet wide.

Partial Shade

Needs regular watering - weekly, or more often in extreme heat.

- Do prune during or directly after flowering; this will insure we are not cutting off future flowers.
- Do provide proper siting. Bigleaf hydrangea are shade oriented plants and need protection from hot afternoon sun.
- Don't place in an exposed, full sun site with minimal access to water.
- Don't forget to provide adequate mulch and annual fertilizer.
