

# Invincibelle Ruby Hydrangea

The dark burgundy red flower buds of Invincibelle Ruby open to a two-toned combination of bright ruby red and silvery pink. The foliage is extra dark and stems are strong, making this new hydrangea a gem in any garden. It is a strong rebloomer that will be an excellent addition to any garden. Like other smooth hydrangeas, it flowers on new growth and so blooms every year without fail.

Reaches 3-4 feet tall and 2-3 feet wide.

Partial to Full Sun

Water regularly to maintain evenly moist soil - weekly, or more often.

- Do prune regularly; this will result in a much sturdier framework, capable of holding up the massive flower heads.
- Do prune in late fall or winter. This will avoid cutting off next season's blooms before they've had a chance.
- Don't forget to provide adequate drainage and avoid "clay bowls" that are notorious for holding water and predisposing plants to the compost heap.
- Don't prune plants too early or you run the risk of cutting off future blooms.
